

## Installing and Configuring Smart STB for SmartTVs

### Please Note:

*This is a 3rd party app **not affiliated to us**. It specifically caters to Smart TVs and some Android boxes.*

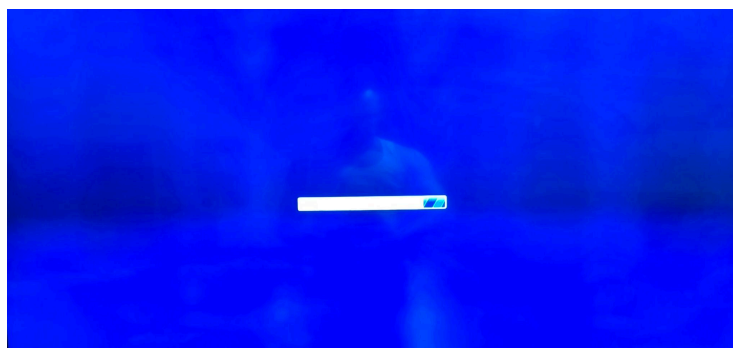

*Once installed you will get a 7 day free trial period but then requires a paid license (can be month to month or one-time payment where you can have the license indefinitely). For more information visit [Smart STB | Pricing](#)*

### Section 1: Installation & Launch

1. Search for the Smart STB app and install it on your device.

2. Once it's installed, launch the app, accept the Terms of Service, and wait for the Demo Portal to load.

3. Once loaded, email us **Your Virtual MAC** Address you see to the left of your screen.

*Once we receive your MAC Address, we will activate your account and send you your Portal URL. This URL must be inputted into Settings which we will cover next.*

## Section 2: Inputting the Portal URL

1. With your mobile phone or tablet, scan the QR code shown to the right of the screen. Or alternatively, you can manually go to the link shown underneath the QR code. This link will bring you to Smart STBs portal page where you can input the Portal URL.

2. Type in the Portal URL which you received from us into Portal # 1. Please ensure only ONE Portal URL is entered and there are no other Portal URLs down the list. If you see any, delete them.

### Change portals on Samsung (Tizen)

Default portal (this is the portal your app will load next time is started): 1

Change default portal

Portal #1: Basement

http://cf [redacted] Update Portal #1

Portal #2: Portal #2 name...

https://portal-url.tld/c Update Portal #2

Portal #3: Portal #3 name...

https://portal-url.tld/c Update Portal #3

Portal #4: Portal #4 name...

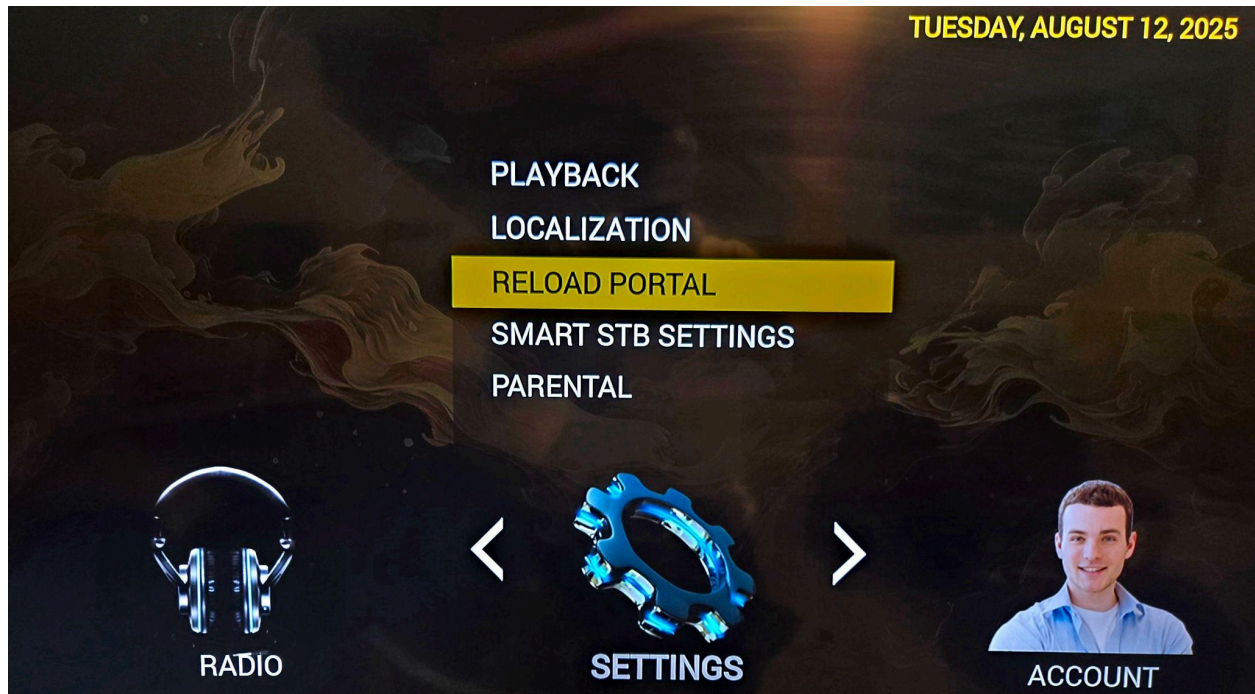

https://portal-url.tld/c Update Portal #4

Portal #5: Portal #5 name...

https://portal-url.tld/c Update Portal #5

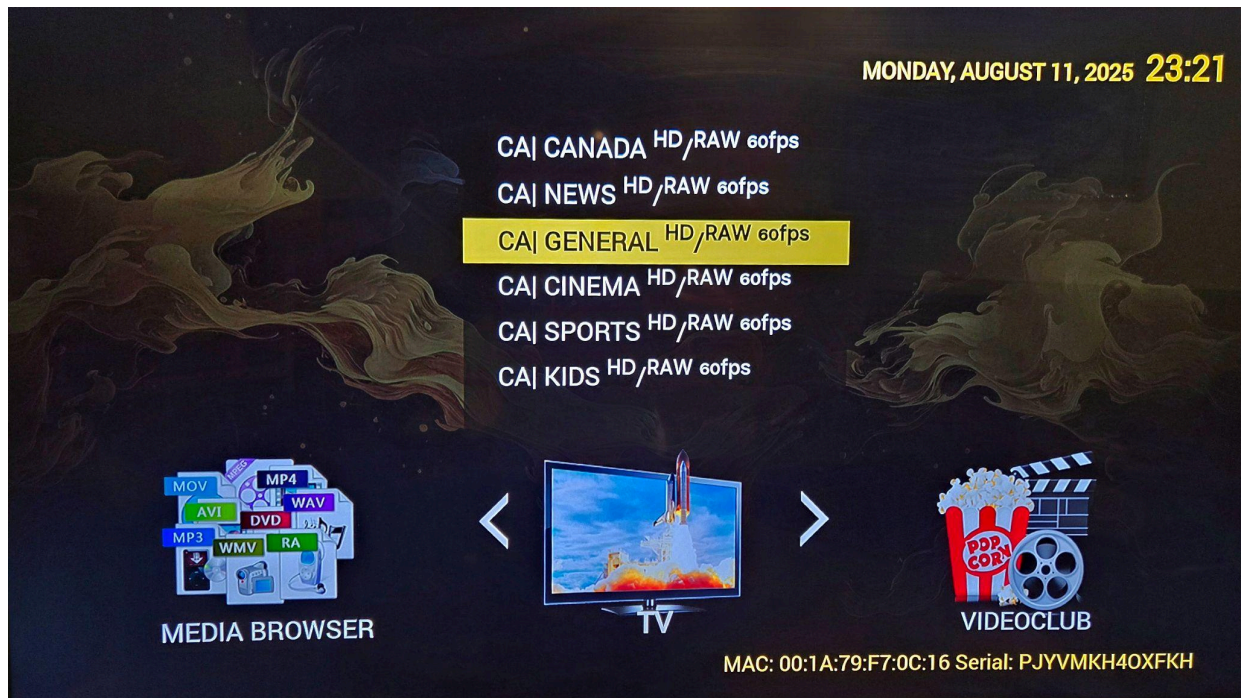

3. Now go back to your TV screen and scroll to Settings located on the bottom. Then select RELOAD PORTAL above.

4. Once the Portal reloads you will be connected to our server. Scroll between TV, Videoclub (movie library), and TV Series (TV series library). Note the sub-categories for each above.

5. Selecting a sub-category such as CA | General as shown above, will take you into the channel selection for that category.

TV / CA | GENERAL HD/RAW 60fps /BY NUMBER / 23:22

303	AMC	CA EN: AMC 4K
305		CA EN: AMI TV HD
306		CA EN: APTN HD (CA)
307		CA EN: BBC CANADA HD (CA)
308	CBC	CA EN: CBC CALGARY HD
309	CBC	CA EN: CBC CHARLOTTETOWN (HD)
310	CBC	CA EN: CBC MONTREALHD
311	CBC	CA EN: CBC NEWS NETWORK HD
312	CBC	CA EN: CBC OTTAWA HD
313	CBC	CA EN: CBC REGINA(HD)
314	CBC	CA EN: CBC ST JOHN'S (HD)
315	CBC	CA EN: CBC TORONTO HD
316	CBC	CA EN: CBC VANCOUVER HD
317	CBC	CA EN: CBC WINNIPEG HD

## Helpful Tips

If a live TV channel freezes, first try changing channels (using UP DOWN), then try restarting the app. If still not working, reboot the smart TV or TV box. To exit the app, go to Settings then choose Smart STB Settings. There you will find Exit (see the screenshot below).
