

Android Instructions for Installing and Configuring the 8K VIP App

This guide contains 3 sections:

Section 1: Installing Downloader

Section 2: How to Install 8K VIP Using Downloader

Section 3: Configuring 8K VIP

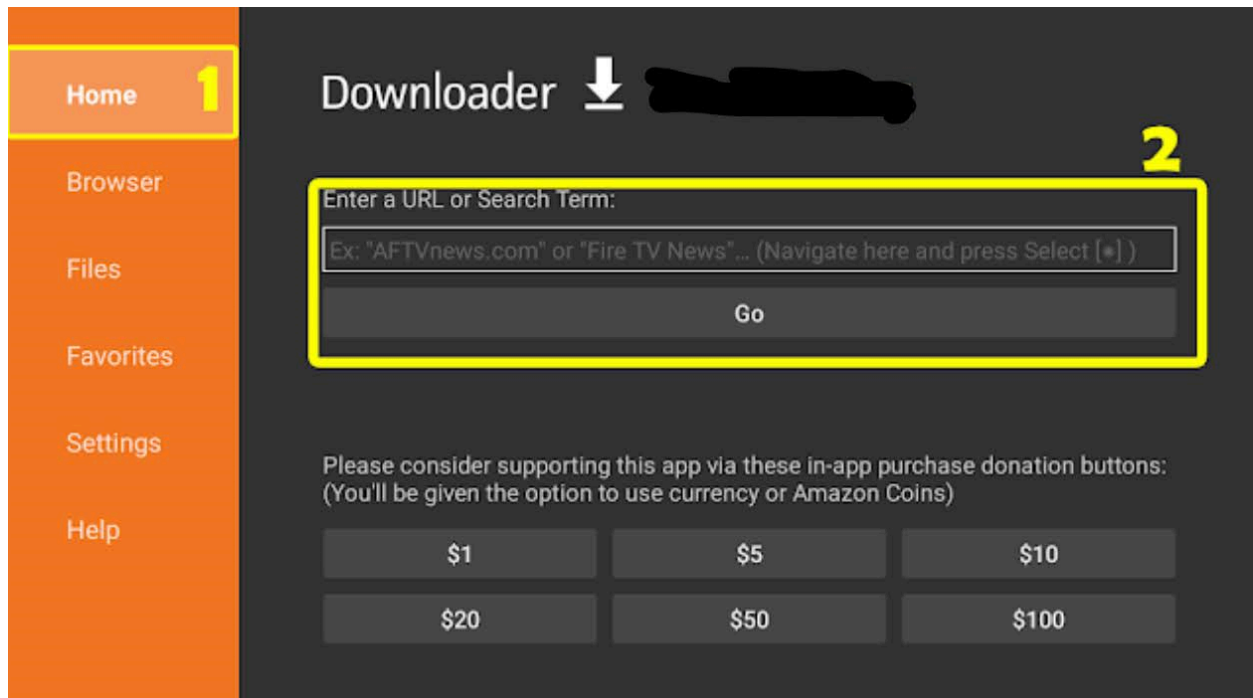

Section 1: Installing Downloader

To download the **8K VIP app**, you must first install **Downloader**. If Downloader is already installed, you may skip this step and go to Section 2.

1. On the Home page, scroll over to **Apps** at the top.
2. In the Search Bar at the top, type in **Downloader**.
3. Select **Downloader** and click **Install**.
4. Once it's installed, select **Open**. *(Upon initial launch of Downloader it should prompt you to allow access to Photos and Media on your device. Make sure you hit Allow, otherwise the app will not work).*

Section 2: How to Install 8K VIP Using Downloader

1. Open the Downloader app and highlight the address bar.

2. **Type** in the following code: **2057169**. Once typed in, click on **GO**. The app should then start installing.

The screenshot shows the IPTVStore app interface. On the left is an orange sidebar menu with the following items: Home (highlighted with a yellow box and a yellow number '1'), Browser, Files, Favorites, Settings, and Help. The main content area has a dark background. At the top, it says 'Downloader' with a download icon and a redacted area. A yellow number '2' is placed to the right of the search bar. Below the title is a search bar with the text 'Enter a URL or Search Term:' and an example: 'Ex: "AFTVnews.com" or "Fire TV News" ... (Navigate here and press Select [*])'. Below the search bar is a 'Go' button. At the bottom, there is a message: 'Please consider supporting this app via these in-app purchase donation buttons: (You'll be given the option to use currency or Amazon Coins)'. Below this message are six donation buttons arranged in two rows of three: \$1, \$5, \$10 in the first row, and \$20, \$50, \$100 in the second row.

3. During the download you may receive the message below. If you do, be sure to select **Settings** to turn the **Install Unknown Sources** feature..

4. Once in Settings, select the **Downloader** option and **toggle on**. You may then resume the download.

Section 3: Configuring 8K VIP
